

HSHACKS III

MARCH 25-26, 2017

SPONSOR@HSHACKS.COM

What is HSHacks?

HSHacks is a hackathon that aims to spread the love of programming to 1000 high school students from around the Bay Area. Previously at HSHacks II, we've had over 1300 students participate, with a 37% female attendance ratio. This year, we're trying to aim for a 50% ratio in hopes that we can reach a more diverse set of students.

Why become a sponsor?

The resources provided by sponsors always leave a lasting impression on the young developers that attend HSHacks. By becoming a sponsor, you are making an investment in the programmers and developers of the future and strengthening your connection with the innovative minds of tomorrow.

Where will your money go?

All the funds that HSHacks receives is directly invested into the venue, food, swag and anything else that is needed to run the hackathon and improve the hackers' experience. All contributions received are tax-deductible.

Other ways to help:

- Monetary contribution or providing a venue
- Sponsor a meal - we'll be serving four throughout the hackathon
- Sponsor an activity or an event at HSHacks
- Provide mentors, tools or resources during the event for the hackers (i.e. APIs, Hardware)

Any questions, concerns or other ideas can be sent to sponsor@hshacks.com.

	Bronze \$1k	Silver \$5k	Gold \$10k	Partner* \$15k
