

# VANDY® HACKS III

This **November 11 – 13**, Vanderbilt University will be hosting **VandyHacks III**, its third annual hackathon. We'll be inviting some of the nation's best and brightest students to Music City – **Nashville, TN** – to spend 36 hours collaborating, innovating, and creating.

At **VandyHacks II**, 270+ hackers from 22 schools across the nation, such as Duke, Georgia Tech, Purdue, UNC Chapel Hill, and the University of Illinois at Urbana-Champaign, came together for the weekend to create 36 unique projects.

This season, we're making VandyHacks even bigger and better. We'll be hosting VandyHacks in our brand spankin' new engineering building and will be bringing in **350+ of the top hackers, creators, and learners in the nation**. We would love for y'all to be a part of it!

## WHY SPONSOR US:

- 1. Access the best talent from across the nation**, including the large portion of talent located in the underrepresented region of the Southeast.
- 2. Create relationships with hackers** and, in doing so, give a friendly face to your brand. Who better to share your products/API with than the future of the industry?
- 3. Spread the word about the cool stuff you have to offer!** By handing out swag, helping hackers implement your technology, and participating in our marketing campaign, y'all will be able to impact countless students in technology.

You can find our sponsorship tiers below. Please don't hesitate to contact us at [sponsor@vandyhacks.org](mailto:sponsor@vandyhacks.org) if you have any questions or if the tiers do not fit your needs or restrictions. Any support at all is appreciated– contact us, and we can work something out!
