

# MangoHacks

Feb 24th to 26th

PG6 Tech Station | Florida International University

[MangoHacks.com](http://MangoHacks.com) | [team@mangohacks.com](mailto:team@mangohacks.com)

MangoHacks is Florida International University's major league hackathon to be held February 24th - 26th, 2017

We will once again welcome 250+ top student developers, designers, builders, and change makers from universities in Florida and across the country to spend 36 hours hacking together websites, apps, and hardware projects.

MangoHacks will be a great place to influence a group of some of the brightest and most diverse students in the nation, all working on different projects and fostering different skills.

MangoHacks will pull from Florida's growing hacker culture and creative community making it an excellent opportunity for recruitment, engagement, and tech evangelism.

Since last year, the college tech communities response to MangoHacks has been momentous. It will be a weekend of workshops, new connections, and an opportunity to positively impact the college tech community in Florida.

We would love to have you here in sunny Miami and work with you. Please review the various tiers of available sponsorship below, and let us know if you are interested in becoming an official sponsor or if you have any questions. We look forward to hearing your thoughts.

Thank you so much!

**The MangoHacks Team**
